Summary

Final-year Electronics and Communication Engineering student skilled in Python, Django, and FastAPI, with a strong interest in Machine Learning. Quick learner, adaptable, and eager to contribute in a fast-paced software engineering role.

Education

Bachelor of Engineering, Electronics and Communication Engineering Yenepoya Institute of Technology	Sep 2023 – Sep 2027 CGPA: 8.21 / 10.0
---	--

Technical Skills

- **Programming Languages:** Python, SQL
- **Frameworks & Libraries:** Django, Django REST Framework, FastAPI, Scikit-Learn, TensorFlow, Pandas, NumPy
- **Databases:** PostgreSQL
- **Tools & Platforms:** Git, GitHub, Docker, Jupyter Notebook
- **Concepts:** Object-Oriented Programming (OOP), REST API Design, Machine Learning Fundamentals
- **Soft Skills:** Teamwork, Adaptability, Communication, Time Management

Projects

Neural Canvas – No-Code ML Model Builder <i>Backend Developer</i>	<i>Jan 2024 – Present</i>
---	---------------------------

- Developed a no-code ML platform enabling users to build machine learning workflows through a drag-and-drop interface.
- Built REST APIs using FastAPI and Django REST Framework for model training and inference, integrating TensorFlow/Keras and Scikit-Learn.
- Containerized Django, FastAPI, and PostgreSQL services using Docker Compose for consistent, seamless deployment across environments.
- **Technologies:** Django, FastAPI, PostgreSQL, TensorFlow, Docker, Caching (File/Memory Cache)

Personal Portfolio Website <i>Developer</i>	<i>Jan 2024 – Present</i>
---	---------------------------

- Designed and developed a fully responsive personal website to showcase projects, skills, and professional background.
- Integrated a functional email-based contact form for direct visitor communication without third-party services.
- Deployed on Render.com with continuous public availability.
- **Technologies:** HTML, CSS

Awards & Achievements

HACKABHiGNA – 24-Hour Hackathon <i>Adichunchanagiri Institute of Technology (AIT)</i>	<i>Oct 2025</i>
---	-----------------

- Collaborated with a multidisciplinary team to build solutions under time constraints, strengthening problem-solving, teamwork, and project management skills.
